LinkedIn profile: Rajagopal Tampi | LinkedIn

Rajagopal contributes to the growth of the software and AI industries. He is a Director on the Board of Germinait Solutions Private Ltd https://germin8.com, an AI company. He is also a thought leader in AI.

In 2011, he founded VALUEMOVES Computing Private Ltd, India's first SaaS Human Resource Management product company. He was Global Chief Delivery Officer and Group Chief Information Officer of Mastek Group of Companies. He has worked with the Tata Unisys/Infotech and MphasiS in senior leadership roles.

Rajagopal was responsible for development of simulator-based naval operations trainers while in the Indian Navy. As a Captain in the mid 1990's, he has served as India's Defence Adviser in Nigeria, and Ghana.

Rajagopal has been working as an 'AI Pathfinder,' https://aipathfinder.org, discovering the right path for AI systems development for the safety and security of human beings and the planet. Technology, software engineering and ethics, the cornerstones in his life have coalesced in the writing of his recent book 'Applied Human-Centric AI'. His evaluations and works are available on the above web-site.

He is an M.Tech (Computer Science) from IIT Bombay (1982-84).
